Description	We are a family owned and operated photo finishing lab that has been in business for over 60 years. You can bring any of your photo finishing work to us and receive the same quality that many of our local professional photographers receive at not so expensive prices.
Why do your customers choose you?	They can receive professional quality pictures for retail prices. They can go where the Pro's go! We have many services. We can scan 500 of your photos into digital files for \$49.95. What a great way to preserve your memories forever. We also can take old movies; super 8, 8mm, 16mm, slides and photos and make them into a DVD movie.
How many children do you have playing hockey and what are their ages?	Emily is 10. She plays for the 12U Prospects and the 12U Bisons Our olders Boys, Tim 21 and Greg 19 just play an occasional pick up hockey now and then. But they both played house, travel, high school or some college.
Other interesting information about you & your family.	We have a golden retriever Maggie who is 11, a Saint Bernard Lacey who is 1 1/2 and a Newfoundland/Saint Bernard Montana who is 4 months. On occasion you might see Lacey or Montana at a rink.
